PREPERATION GUIDE FOR
NEWBORNSHOOTS

WWW.MOMENTSBYKIM.NL

DEAR CUSTOMER,

My name is Kim

Dear families,

First of all — thank you for trusting me to capture such precious memories for you.

To make sure your session feels safe, relaxed, and enjoyable, I've put together some updated guidelines for 2025. These include both general preparation tips and the current Covid considerations.

In case of any questions or doubts, please feel free to contact me at any time.

With love,
Kim

PREPERATION GUIDE

Before Your Session

Health & Wellbeing

Please let me know if you or anyone in your household is feeling unwell (fever, cough, cold symptoms, flu-like complaints). We'll reschedule your session with no extra charge — your health and your baby's comfort always come first.

Covid Flexibility

If you or I ever need to reschedule due to illness, rest assured that we will find a new date. Your session fee will always be honored and carried over.

Baby's Comfort

Keep your baby in loose, comfy clothing before the shoot, so changing or swaddling is easy. Feeding right before the session usually helps your little one feel sleepy and settled.

Family Prep

Neutral, soft tones in clothing photograph beautifully and keep the focus on your connection. Avoid big logos or neon colors. Bare feet for at-home sessions give a cozy, natural look.

Deposit

A deposit of €100 is required to secure your session. This amount will be credited toward the photo package you select after the shoot.

PREPERATION GUIDE

✨ During the Session

Hygiene Measures

I will arrive with freshly sanitized hands, and I carry sanitizer with me throughout the session. Any blankets, wraps, or props are washed and disinfected before use.

Masks

Masks are optional in 2025, but if you prefer me to wear one during the session, please let me know. I'm happy to adapt to what makes you most comfortable.

Time & Patience

Newborn sessions typically take around 2–3 hours, but there's no rush. We follow your baby's rhythm — feeding, soothing, or cuddling breaks are absolutely welcome.

🌸 After the Session

Gallery Delivery

Within 7 working days you'll receive an online gallery with a first selection. From there, you can choose your favorites. After choosing, I will fully edit and perfect them.

💙 Final Note

My goal is not just to take pictures, but to give you peace of mind and a calm, loving experience. Covid might has changed how we think about safety, but it has not changed my dedication to capturing your family's story with warmth, patience, and care.

Thank you for trusting me — I can't wait to create these memories together.

Warmly,
Kim
